Admins, since malapit nang matapos ang revamp stage ng page natin, post rin kayo dun ng mga magazine ads about dun sa radio, TV, at iba pa (such as an ad about an Android phone), more logos, products (pero, walang promotion) and more, i-post nyo rin dun yung mga radio sign-ons and sign-offs (videos, posts, and notes), mag-post rin kayo dun ng voice-over and history ng mga radio stations sa Notes tab sa page natin, i-post nyo rin dun yung mga photo about dun sa location ng mga radio stations (such as yung location sa Baguio City kung saan matatagpuan ang 95.1 Love Radio at 91.9 Easy Rock), post also the more old radio schedules (photos and notes) and the complete reporters of DZBB, DZMM, DZRH, and DWIZ (gusto ko, may kasama ring photo ang mga complete reporters ng DZMM, with DZMM 1990 schedule advertisement na galing sa Manila Standard na kasama dyan yung Radyo Taliba), at saka, post rin kayo dun ng mga radio jingles, stingers and station IDs (past and present).

And bago natin i-promote ang page natin, gumawa kayo ng paraan kung paano mairevert at mai-edit tong username/page address ng page natin, from PinoyNostalgiaTVandMovies to PinoyNostalgiaTV (the former username) or simply PinoyNostalgia, and also, magtanong rin kayo sa mga kakilala nyo kung paano gumawa ng paraan na mairevert at mai-edit tong username/page address ng page natin, ang pangit kapag kasali dyan sa page address ang "andMovies" kasi kapag ni-like ito ng mga bagong tao, sasabihin Pinoy Nostalgia nga pero, bakit nandyan pa rin ang username na "andMovies" hanggang ngayon (na ang username na "PinoyNostalgiaTVandMovies"), nakakahiya yan, kasi baka mamaya, lalayas sila bigla at ayaw nila i-like yan, pagkatapos nun, may mga maguunlike sa page na to kasi di ba, hanggang ngayon, sa username ng page natin, nandyan pa rin ang "andMovies", nakaka-hatred yan sa ibang tao, ang pangit pag nandyan yung "andMovies" sa username ng page natin, kailangang maialis na

to sa madaling panahon. Kung gusto dumami masyado ang likes, kailangang mairevert at ma-iedit na ang ating username/page address ng page natin. Bago natin mairevert at mai-edit ang username ng page natin, ayusin muna natin ang sistema ng page natin.

From IBC 13's website (via archive.org):

On the first day of February 1975, under the auspices of the Benedicto Group of Companies, the Philippines was delighted in the birth of a television station that would bring color to the dark years of the Martial Law era. Intercontinental Broadcasting Corporation (IBC) brought forth DZTV Channel 13, a commercial television station based on Metro Manila and initially beamed to seven relay stations scattered all over the archipelago.

From a relatively unknown TV station, IBC 13 reached greater heights and became the country's top-rating network. Through hard work coupled with and intrepid business sense, IBC management developed a strategic programming that appealed to the mass audience. Thus, IBC 13 set a lot of firsts in the broadcasting industry. Showing full-length Tagalog films and the introduction of one-of-a-kind program genres were first seen on Channel 13. Who could ever forget Johnny Weismuller as Tarzan, Iskul Bukol, Chicks to Chicks, Seeing Stars with JQ, T.O.D.A.S., See-True and a lot more? Back then, when one spoke of television, it's nothing but IBC 13.

Years passed. After EDSA Revolution, things were never the same again in the network. IBC became a government controlled operation under the Presidential Commission on Good Government (PCGG). Malacañang appointed several management groups to oversee the operation of the stations. The network's condition became congruent with the government situation. New administrators meant new management.

IBC 13 managed to survive despite unstable conditions. The niche it has carved in the broadcasting industry proved to be an indelible one. Instant recall has always been associated with IBC and its glorious past.

Now, a new hope shines on IBC, the network which pioneered various genres in TV production. As long as IBC remains a network with its innovative and creative core intact, the dream of reaching the top is not so far away.

Hmmm. Well, napansin ko sa ating page na medyo puro tungkol sa "radio stations" ang mga pinost recently. Pls. bawasan ang pag-post tungkol sa "radio stations". (In other words, hinay-hinay lang sa pag-post ng mga ganun.) It affects the name of the page, baka magiging "Pinoy Nostalgia Radio" yan muli. You can post some very important info/trivia about "radio stations" (Ex. bagong features, litrato ng kanilang mga tanggapan). Basta, hindi yung mga masyadong obvious, as in alam na ng mga tao (Ex. owner, history, format, reformat, sign on/off), since makikita nila yan sa Wikipedia.

What I'm trying to say is that we cannot always talk about "radio stations" in the page we're handling. So, imbes na puro "radio stations" ang ipo-post natin sa page, mag-post rin tayo tungkol sa mga interesting stuff, notably sa teknolohiya, musika, TV shows, movies, kultura, atbp., ng kahapon at ngayon. Hence, the name of the page.

Sana huwag kayong magagalit sa akin. I'm just making a suggestion para ma-improve yung page and to maintain its name. (What I said here only applies to our page. Pero, puwede pa rin tayong mag-post na kahit ano dito sa discussion group nito.)

[Perry Patts](#) Start from scratch yan sa kanila, kailangan nilang maghire nang maraming sports writers, columnists dahil konti lang plus kailangan nilang mag-acquire ng bagong equipment for sports programming, kailangan din sila mag-alot ng flexible airtime dahil alam naman natin na may mga games na nagkakaroon ng overtime.

GMA usually offers fixed blocktime at kailangan pa nila ng pagsasanay.

CEBU, Philippines - Why talk things over when you can sing about your feelings?

Tomorrow, Nov. 18, GMA Network launches "Ikaw Ug Ako," its newest musical television series or musikanovela that will surely change the morning habits of Kapuso viewers.

A program created in Venezuela originally entitled "Somos Tu Y Yo," "Ikaw Ug Ako" caters to viewers in Cebu, Davao, Cagayan de Oro, and General Santos as it is translated and dubbed in Bisaya.

Ikaw Ug Ako's story centers on the lives of young couple Cheryl and Victor who share a mutual passion for music. It is set at the Music and Talent Academy, a high school for performing arts, where their blossoming affections for each other will develop.

But just like any other love story, Cheryl and Victor's relationship has its ups and downs. Two other students, Rosmery and Aran, wish to end the pair's romance and they team up to try to separate the couple. Will they succeed?

Featured in its pilot episode are songs which are also translated and sung in Bisaya, including the series' theme song—"Ikaw Ug Ako."

Fall in love with Cheryl and Victor as they create romance and music in "Ikaw Ug Ako," airing every Monday to Friday beginning Nov. 18 at 9:55 a.m., on GMA Network's regional stations in Cebu, Davao, GenSan, and CDO. (PR) (FREEMAN)

ETC MOVES TO SBN-21 STARTING NOVEMBER 30

November 21, 2013 – Solar Entertainment Corporation (SEC) announces a new channel assignment for its leading youth channel, ETC. Starting November 30, 2013 ETC can be seen on UHF channel 21, Sky Cable and Destiny Digital Ch. 16, Global Destiny Ch. 28, Cignal Ch. 9, and Cable Link Ch. 34.

With the move, SEC has laid down plans to boost the reach of ETC to viewers. According to SEC's Chief Technology Officer Ralph Joseph S. Roy, by early next year a new state-of-the-art analog/ digital 60KW transmitter will be built for the channel. Running at a higher capacity and with a higher elevation, this looks to boost ETC's reach to viewers in Mega Manila by 30 percent. For the rest of the country transmitters will go up in key areas such as Bacolod, Cebu, Zamboanga, Davao, and Legazpi.

From Monday to Saturday, ETC offers viewers the hottest and latest shows and episode's straight from the United States. Stay up to date in the world of entertainment with the channel's vast lineup of Match-Airing titles that include: award-winning musical Glee, hilarious sitcom's New Girl and Super Fun Night, supernatural drama's The Vampire Diaries, The Originals, Ravenswood, and Beauty and the Beast, and the colorful 80's teen drama The Carrie Diaries.

This coming 2014 the channel is working on airing more of its popular series day and date with the U.S. just like the airing of its hit show Glee that ETC airs via satellite.

Adding to ETC's Match-Airing line-up in January is the return of the mystery-thriller Pretty Little Liars, and the long-running reality singing-competition American Idol. Also joining the channel in 2014 is the period drama Reign, which follows the early years of Mary, Queen of Scots, and the sci-fi romance drama Star-Crossed that tells the story of a relationship between a human girl and an alien boy. Viewers can look forward to more big movies under the channel's movie block "ETC Flix" including Bridesmaids, Crazy Stupid Love, and The Devil Wears Prada.

As ETC embarks on a stronger reach on the airwaves, they also look to conquering online too. Fans of the channel can log onto <http://www.blink-now.com/> to watch ETC's free live streaming on a computer, with mobile services being rolled out in the coming months for even more ways to watch.

Starting November 30, 2013 ETC is seen on UHF channel 21, Sky Cable and Destiny Digital Ch. 16, Global Destiny Ch. 28, Cignal Ch. 9, Cable Link Ch. 34 and various cable operators nationwide.

Today marks the 1st Anniversary of Play FM. In celebrating it, here's some facts about it (based on my memory & my conversation with a few DJs during my station visit):

1. Its 1st song played was: "Play" by Jennifer Lopez.
2. Its 1st DJs at that day were Tim Yap, Sam Oh, Nikko, Jing, Inka, Justin, Jaz & Billy.
3. The RT mainstays were Sam Oh, Jing, Inka, Lil Joey, Claude & Scarlet. (As of now, Inka & Lil Joey are the only mainstays)
4. This station targets teens (specifically 16-21 yrs. old), hence the brand name.
5. Initially, its weekday programs last 4 hrs. each, while its weekend programs last 3 hrs each. (Recently, this was changed back to the usual 3 hrs.)
6. This station resembles of the "younger" Magic. (But, not a copycat.)
7. The reason behind this revamp was because the management had thought that this brand (Play) would sell better in the radio market. (And it eventually did.)

December 10, 2012 — 99.5 became Play FM. It resembles Magic (dubbed as a "clone" by some PEXers). Bago nagkaroon ng rebranding, marami nang nagtaka at nag-critize kung mayroong "social climbers" o mga tsismis kabilang na ang mga advocates ng kontra-masa stations. Kabilang nga diyan ang dating morning co-host at kolumnista na si Tim Yap na kabilang siya sa mga "DEKADENTENG TANGA" ng FM radio. Marami ring bumatikos kung baket nawala ang tinuguriang heritage legendary station na RT. To this day, Play still exists. It's been a year now.

3-ELEMENT BARON ANTENNA UNDER 4NEC2. First of all, thanks to Sir Albert Cornelio for the dimensions and to Pat of DTV Pilipinas FB page. The figures are for VHF low band (ch. 2-6), VHF high band (ch. 7-13) and UHF band (ch. 14-51). The results of computer analysis of 3-element Baron antenna indicate that it is no better than the elementary dipole. The additional elements have no significant effect on gain. The SWR curve has a very narrow dip indicating narrow bandwidth. The radiation pattern isn't unidirectional. This PhP750 antenna has a very similar results with the earlier 2-element Baron antenna so it isn't in anyway superior to the early version. My verdict: Just like the first version, it's not worth your hard-earned money.

Praise release ng Korean Central Hoax (este, News) Agency:

Pyongyang, December 13 (KCNA) -- Upon hearing the report on the enlarged meeting of the Political Bureau of the Central Committee of the Workers' Party of Korea, the service personnel and people throughout the country broke into angry shouts that a stern judgment of the revolution should be meted out to the anti-party, counter-revolutionary factional elements. Against the backdrop of these shouts rocking the country, a special military tribunal of the DPRK Ministry of State Security was held on December 12 against traitor for all ages Jang Song Thaek.

The accused Jang brought together undesirable forces and formed a faction as the boss of a modern day factional group for a long time and thus committed such hideous crime as attempting to overthrow the state by all sorts of intrigues and despicable methods with a wild ambition to grab the supreme power of our party and state.

The tribunal examined Jang's crimes.

All the crimes committed by the accused were proved in the course of hearing and were admitted by him. A decision of the special military tribunal of the Ministry of State Security of the DPRK was read out at the trial.

Every sentence of the decision served as sledge-hammer blow brought down by our angry service personnel and people on the head of Jang, an anti-party, counter-revolutionary factional element and despicable political careerist and trickster.

The accused is a traitor to the nation for all ages who perpetrated anti-party, counter-revolutionary factional acts in a bid to overthrow the leadership of our party and state and the socialist system.

Jang was appointed to responsible posts of the party and state thanks to the deep political trust of President Kim Il Sung and leader Kim Jong Il and received benevolence from them more than any others from long ago.

He held higher posts than before and received deeper trust from supreme leader Kim Jong Un, in particular.

The political trust and benevolence shown by the peerlessly great men of Mt. Paektu were something he hardly deserved.

It is an elementary obligation of a human being to repay trust with sense of obligation and benevolence with loyalty.

However, despicable human scum Jang, who was worse than a dog, perpetrated thrice-cursed acts of treachery in betrayal of such profound trust and warmest paternal love shown by the party and the leader for him.

From long ago, Jang had a dirty political ambition. He dared not raise his head when Kim Il Sung and Kim Jong Il were alive. But, reading their faces, Jang had an axe to grind and involved himself in double-dealing. He began revealing his true colors in the period of historic turn when the generation of the revolution was replaced, thinking that it was just the time for him to realize his wild ambition.

Jang committed such an unpardonable thrice-cursed treason as overtly and covertly standing in the way of settling the issue of succession to the leadership with an axe to grind when a very important issue was under discussion to hold respected Kim Jong Un in high esteem as the only successor to Kim Jong Il in reflection of the unanimous desire and will of the entire party and army and all people.

When his cunning move proved futile and the decision that Kim Jong Un was elected vice-chairman of the Central Military Commission of the Workers' Party of Korea in reflection of the unanimous will of all party members, service personnel and people was proclaimed at the historic Third Conference of the WPK, making all participants break into enthusiastic cheers that shook the conference hall, he behaved so arrogantly and insolently as unwillingly standing up from his seat and half-heartedly clapping, touching off towering resentment of our service personnel and people.

Jang confessed that he behaved so at that time as a knee-jerk reaction as he thought that if Kim Jong Un's base and system for leading the army were consolidated, this would lay a stumbling block in his way of grabbing the power of the party and state.

When Kim Jong Il passed away so suddenly and untimely to our sorrow, Jang began working in real earnest to realize his long-cherished greed for power.

Abusing the honor of often accompanying Kim Jong Un during his field guidance, Jang tried hard to create illusion about him by projecting himself internally and externally as a special being on a par with the headquarters of the revolution.

In a bid to rally a group of reactionaries to be used by him for toppling the leadership of the party and state, he let the undesirable and alien elements including those who had been dismissed and relieved of their posts after being severely punished for disobeying the instructions of Kim Jong Il and kowtowing to Jang work in a department of the Central Committee of the WPK and organs under it in a crafty manner. Jang did serious harm to the youth movement in our country, being part of the group of renegades and betrayers in the field of youth work bribed by enemies. Even after they were disclosed and purged by the resolute measure of the party, he patronized those cat's paws and let them hold important posts of the party and state.

He let Ri Ryong Ha, flatterer, work with him since the 1980s whenever he was transferred to other posts and systematically promoted Ri up to the post of first vice department director of the Party Central Committee though he had been purged for his factional act of denying the unitary leadership of the party. Jang thus made Ri his trusted stooge.

Jang let his confidants and flatterers who had been fired for causing an important case of denying the unitary leadership of the party work in his department and organs under it in a crafty manner in a few years. He systematically rallied ex-convicts, those problematic in their past careers and discontented elements around him and ruled over them as sacred and inviolable being.

He worked hard to put all affairs of the country under his control, massively increasing the staff of his department and organs under it, and stretch his tentacles to ministries and national institutions. He converted his department into a "little kingdom" which no one dares touch.

He was so impudent as to prevent the Taedonggang Tile Factory from erecting a mosaic depicting Kim Il Sung and Kim Jong Il and a monument to field guidance given by them. Moreover, Jang turned down the unanimous request of the service personnel of a unit of the Korean People's Internal Security Forces to have the autograph letter sent by Kim Jong Un to the unit carved on a natural granite and erected with good care in front of the building of its command. He was so reckless as to instruct the unit to erect it in a shaded corner.

He committed such anti-party acts as systematically denying the party's line and policies, its organizational will, in the past period. These acts were a revelation of deliberate and sinister attempt to create extreme illusion and idolization of him by making him appear as a special being who can overrule either issues decided by the party or its line.

He went so rude as to take in the middle even those things associated with intense loyalty and sincerity of our army and people towards the party and the leader and distribute them among his confidants in an

effort to take credit to himself for doing so. This behavior was to create illusion about him.

Due to his persistent moves to create illusion and idolization of him his flatterers and followers in his department and organs under it praised him as "comrade No. 1." They went the lengths of denying even the party's instructions to please him at any cost.

Jang established such a heterogeneous work system in his department and the relevant organs as considering what he said as more important than the party's policies. Consequently, his trusted henchmen and followers made no scruple of perpetrating such counter-revolutionary act as disobeying the order of the Supreme Commander of the Korean People's Army.

The revolutionary army will never pardon all those who disobey the order of the Supreme Commander and there will be no place for them to be buried even after their death.

Dreaming a fantastic dream to become premier at an initial stage to grab the supreme power of the party and state, Jang made his department put major economic fields of the country under its control in a bid to disable the Cabinet. In this way he schemed to drive the economy of the country and people's living into an uncontrollable catastrophe.

He put inspection and supervision organs belonging to the Cabinet under his control in defiance of the new state machinery established by Kim Jong Il at the First Session of the Tenth Supreme People's Assembly. Jang put all issues related to all structural works handled by the Cabinet under his control and had the final say on them, making it impossible for the Cabinet to properly perform its function and role as the economic command. They included the issues of setting up and disorganizing committees, ministries and national institutions and provincial, city and county-level organs, organizing units for foreign trade and for earning foreign money and structures overseas and fixing living allowances.

When he attempted to make a false report to the party without having agreement with the Cabinet and the relevant ministry on the issue related to the state construction supervision organization, officials concerned expressed just opinion that his behavior was contrary to the construction law worked out by Kim Il Sung and Kim Jong Il. Hearing this, he made the reckless remark that "the rewriting of the construction law would solve the problem."

Abusing his authority, he undermined the work system related to the construction of the capital city established by Kim Il Sung and Kim Jong Il, reducing the construction and building-materials bases to such bad shape little short of debris in a few years. He weakened the ranks of technicians and skilled workers at the units for the construction of the capital city in a crafty manner and transferred major construction units to his confidants so that they might make money. In this way he deliberately disturbed the construction in Pyongyang.

He instructed his confidants to sell coal and other precious underground resources at random.

Consequently, they were saddled with huge debts, deceived by brokers. Jang made no scruple of committing such act of treachery in May last as selling off the land of the Rason economic and trade zone to a foreign country for a period of five decades under the pretext of paying those debts.

It was none other than Jang who wirepulled behind scene Pak Nam Gi, traitor for all ages, to recklessly issue hundreds of billions of won in 2009, sparking off serious economic chaos and disturbing the people's mind-set.

Jang encouraged money-making under various pretexts to secure funds necessary for gratifying his political greed and was engrossed in irregularities and corruption. He thus took the lead in spreading indolent, careless and undisciplined virus in our society.

After collecting precious metals since the construction of Kwangbok Street in the 1980s, he set up a secret organ under his control and took a fabulous amount of funds from a bank and purchased precious metals in disregard of the state law. He thus committed such anti-state criminal acts as creating a great confusion in financial management system of the state.

He let the decadent capitalist lifestyle find its way to our society by distributing all sorts of pornographic pictures among his confidants since 2009. He led a dissolute and depraved life, squandering money wherever he went.

He took at least 4.6 million Euro from his secret coffers and squandered it in 2009 alone and enjoyed himself in casino in a foreign country. These facts alone clearly show how corrupt and degenerate he was.

Jang was so reckless with his greed for power that he persistently worked to stretch his tentacles even to

the People's Army with a foolish calculation that he would succeed in staging a coup if he mobilized the army.

He fully revealed his despicable true colors as a traitor for all ages in the course of questioning by uttering as follows: "I attempted to trigger off discontent among service personnel and people that the present regime does not take any measure despite the fact that the economy of the country and people's living are driven into catastrophe. Comrade supreme leader is the target of the coup."

As regards the means and methods for staging the coup, Jang said: "I was going to stage the coup by using high-ranking army officers who had close ties with me or by mobilizing armed forces under the control of my confidants. I don't know well about recently appointed high-ranking army officers but have some acquaintances with those appointed in the past period. I thought the army might join in the coup if the living of the people and service personnel further deteriorate in the future. And I calculated that my confidants in my department including Ri Ryong Ha and Jang Su Gil would surely follow me and had a plan to use the one in charge of the people's security organ as my confidant. It was my calculation that I might use several others beside them."

Asked about the timing of the coup and his plan to do after staging the coup, Jang answered: "I didn't fix the definite time for the coup. But it was my intention to concentrate my department and all economic organs on the Cabinet and become premier when the economy goes totally bankrupt and the state is on the verge of collapse in a certain period. I thought that if I solve the problem of people's living to a certain measure by spending an enormous amount of funds I have accumulated under various names after becoming premier, the people and service personnel will shout "hurrah" for me and I will succeed in the coup in a smooth way."

Jang dreamed such a foolish dream that once he seizes power by a base method, his despicable true colors as "reformist" known to the outside world would help his "new government" get "recognized" by foreign countries in a short span of time.

All facts go to clearly prove that Jang is a thrice-cursed traitor without an equal in the world as he had desperately worked for years to destabilize and bring down the DPRK and grab the supreme power of the party and state by employing all the most cunning and sinister means and methods, pursuant to the "strategic patience" policy and "waiting strategy" of the U.S. and the south Korean puppet group of traitors.

The hateful and despicable nature of the anti-party, anti-state and unpopular crimes committed by Jang was fully disclosed in the course of the trial conducted at the special military tribunal of the DPRK Ministry of State Security.

The era and history will eternally record and never forget the shuddering crimes committed by Jang Song Thaek, the enemy of the party, revolution and people and heinous traitor to the nation.

No matter how much water flows under the bridge and no matter how frequently a generation is replaced by new one, the lineage of Paektu will remain unchanged and irreplaceable.

Our party, state, army and people do not know anyone except Kim Il Sung, Kim Jong Il and Kim Jong Un. Our service personnel and people will never pardon all those who dare disobey the unitary leadership of Kim Jong Un, challenge his absolute authority and oppose the lineage of Mt. Paektu to an individual but bring them to the stern court of history without fail and mercilessly punish them on behalf of the party and revolution, the country and its people, no matter where they are in hiding.

The special military tribunal of the Ministry of State Security of the DPRK confirmed that the state subversion attempted by the accused Jang with an aim to overthrow the people's power of the DPRK by ideologically aligning himself with enemies is a crime punishable by Article 60 of the DPRK Criminal Code, vehemently condemned him as a wicked political careerist, trickster and traitor for all ages in the name of the revolution and the people and ruled that he would be sentenced to death according to it.

The decision was immediately executed. -0-

Has 'Brother Mike' eased out 'Brother Eddie' at Channel 11?

Delta Broadcasting System Inc. of St. Shadish preacher Brother Mike Velarde has bought a hefty block of shares in ZOE Broadcasting Network Inc. of Iloilo again leader Brother Eddie Villanueva.

With this purchase, Brother Mike thus gained the controlling interest of Channel 11, a new VHF channel. Or at least, that's what he is claiming.

Velarde told a press briefing yesterday that Delta had subscribed to 50 percent of ZOE's authorized capital stock equivalent to P50 million. The purchase agreement effectively transferred all rights and interests on its transmitter antenna and other broadcasting facilities with an approximate value of P50 million from Villanueva.

The joint venture was supposed to resolve a dispute that erupted in 1992 between Delta and ZOE, both of which were fighting over the franchise of Channel 11.

The disputing parties quieted down after the National Telecommunications Commission required the two to form a joint venture instead of fighting it out. When the new joint venture company was in place, the NTC granted the permit to operate the TV station.

According to Velarde, it was decided among the board members to name ZOE as corporate vehicle, while Delta transferred all its equipment in exchange for 50 percent of the company.

Velarde said Villanueva's group had agreed to take a 25 percent interest while the remaining 25 percent was to continue to be owned by existing stockholders.

Premier Entertainment Production Inc. of the Santiago family is the company's consultant. Velarde listed as a future partnership with Premier.

Meanwhile, ZOE's new board has since decided to raise ZOE's capital stock from P7 million to P50 million. The capital increase has been approved by the Securities and Exchange Commission.

Velarde said: "The ownership of ZOE has changed with the entry of Delta. Villanueva has signed the certificate for the shares and can no longer cancel the certificate."

Velarde said Delta spent over P50 million to maintain the station's facilities and equipment, while Villanueva did not contributed a single cent. "Eddie (Villanueva) was supposed to subscribe to 25 percent in the joint company but as far as I am going partnership."

Velarde not a stockholder of Zoe, says Bro. Eddie

Delta Broadcasting System Inc., owned by the family of preacher Bro. Mariano "Mike" Velarde of St. Shadish, was never a stockholder of Zoe Broadcasting Network Inc. which owns the legislative franchise to operate and manage Channel 11.

This was stressed yesterday by Bro. Bishop Eduardo "Eddie" Villanueva, Zoe chairman and president, in reaction to the claims made by Velarde that Delta now controls 50 percent of Zoe shares of stock. Villanueva is the national spiritual director of the Jesus Is Lord Fellowship.

"It is shocking and disgusting for a preacher to peddle falsehoods before the media, the investing public and advertisers. I repeat: Mr. Velarde or Delta, which is owned by Mr. Velarde, does not own a single share of Zoe stock. Mr. Velarde never paid for any share," Villanueva said.

"The legitimate and duly constituted board, according to Villanueva, "cannot be replaced or distorted by imposition of pretenses who stand on no legal ground." Villanueva said the Dec. 19 special stockholders' meeting called by Velarde was a "farce and a mock affair," as he and his group never moved any stock.

Villanueva warned that investors who purchase Zoe shares from Velarde buy at their own risk. He also warned advertisers to advertise at their own peril.

Zoe obtained its congressional franchise to operate and manage Channel 11 on March 26, 1992 (President Corason Aquino's time), while Delta got its franchise from Congress on May 19, 1994.

Villanueva said his group's position stands on legal ground as shown by the Nov. 3 decision of the Quezon City Regional Trial Court ordering the National Telecommunications Commission (NTC) to issue to Zoe a permit to purchase radio and television equipment, thus setting aside the opposition of Delta.

"For Mr. Velarde to tell a press conference that this group is the legal valid owner of 50 percent of Zoe, I am sorry to say is just a fiction of his little imagination," Villanueva added. "Contrary to Mr. Velarde's claims, Securities and Exchange Commission records would show that the supposed transfer of 50 percent of Zoe equity holdings to Delta was never consummated but was actually cancelled in 1996 for lack of consideration and for non-payment or failure to deliver television equipment to Zoe," Villanueva emphasized.

Villanueva said there has been no change of ownership of control of Zoe and the members of the board of directors remain the same. He said that side both him, the other Zoe directors are Hermenegildo Maunano Jr., Adonacion Villanueva, Wilfredo Marcos, Asia Castro, Rames Pineda, Oscar Gutierrez, Editha Mendoza and Gerardo Perdigon.

Velarde said Zoe has been conducting test broadcast starting last Dec. 19 in preparation for the formal launching of its commercial operation nationwide. Villanueva warned that the test broadcast are illegal because there was no permit from the NTC.

Ymman Jake Merdegia Biaco Lyrics:
Gather me; every scattered sheep in me.
I'd rather be waiting here for Your voice.
I've seen the life outdoors,
I think it's time to make a choice.
There's no other course - only Yours.

Shelter me; every shattered self in me.
Better be waiting here for Your touch.
I've been out there in the rain,
I've hurt myself far too much.
Come and ease my pain again.

Such a weary world
All its ways gone wild
Save this child from the storm
I've been tossed, I've been lost, I've been broken
All my wounded days
All the bitter tears
I have shed for all these years
But You were there all my life
Gather me, shelter me
Safe in Your arms

So please gather me;
the scattered laughter in me
Only You can make me whole.
Come and ease my battered soul.
Shepherd me -
Come and lead me home to You.

Napansin namin ng All Music ang pinapagugtuog ngayon sa [Love Radio Manila](#) at [Yes FM Manila](#) simula noong December 21, kaso walang Tambalan, TLC the Drama Special, TLC/WC, at YD. pero merong po mga copycat ng mga playlist kapag Sunday. Samantala ang Easy Rock 5 days lang sila nag All Music mula Dec. 21-25 at may DJ on air na sila nung Dec 26 bilang bahagi ng 2013 Closing Credits. Ang pagkakaalam ng sa Jan 6 ang balik ng mga DJ's at mga programa sa Love at Yes kasi nakakamiss ang mga ito.

Aminado ang GMA-7 na talunan sila sa primetime vs. ABS-CBN's Primetime Bida. With the launch of Kapuso Primetime Cinema on December 30, 2013, mas madaming foreign films na dubbed in Tagalog as provided by the Kapuso talents. Plus with the launching of dramas such as Rhodora X, wala paring saysay ang primetime viewing habits natin.

This is the first time in more than three years na magkakaroon ng Philippine franchise ang MTV. Matatandaan natin na under Nation Broadcasting Corporation ang kanilang management in the 2000's. The partnership dissolved dahil Associated Broadcasting Company ang nag-take over, with the launching of Aksyon TV in February 2011. And with the partnership of Viva, mas makakaasa tayo ng mas maraming programs focusing on music, entertainment, lifestyle, and everything in between. January 31 ang target launching ng MTV Pinoy.

Ymman Jake Merdegia Biaco Actually, EEC used to have MTV on free TV in our country in the 90s. NBC airs MTV on Channel 41 in 2001. And they broke up with MTV, and they tied-up with AYC to air MTV Philippines on cable, but they broke up again.. And now, Viva took charge on this partnership.

Moving on, it's official! Tinanggalan na ng Land Transportation Franchising and Regulatory Board ang prangkisa ng Don Mariano Transit Corporation. Ito'y nangyari isang buwan matapos maaksidente sa lungsod ng Taguig na ikinamatay ng labin-walong katao at bumagsak alongside the closed van sa Skyway. Halos 100 bus na ngayon ang hindi pinayagang bumiyahe sa kalakhang Maynila matapos bumagsak sa test.

#KNXclusive Willie Revillame may posibilidad na magbalik-Kapamilya Ang [Abs-Cbn](#) ang naging ikalawang tahanan ng TV host na si Willie Revillame dahil dito siya nagsimula at ito din ang nagbigay sa kanya ng oportunidad sa ilang taong pamamalagi. Pagkatapos niyang maging mapagkumbaba nitong huling presscon niya, nais nito na kung babalik siya sa Kapamilya ay tulad pa rin ng dati niyang programa-- ang Wowowee. Nito lang, ayon sa isang source na nagtatrabaho rin sa network, usap-usapan sa kanila na nagiging mabuti na ang pag-uusap ng TV host at ng ilang mga executives ng network at may balak nga raw ibalik sa noontime ang TV host ngunit hindi pa sigurado kung ito pa rin ang title ng show. Nais kasi ng Kapamilya na mas maging competitive ang kanilang noontime tulad noon na si Willie pa ang host. Ang kasalukuyang noontime naman na [It's Showtime](#) ay ililipat lang ng bagong timeslot at mananatili pa rin sa kasalukuyang format nito. Ang hinihintay na lang ay ang pormal na pirmahan na ia-announce din sa hinaharap at maaaring ngayong taon nga ito mangyari. Busy pa sa ngayon si Willie sa kanyang mga negosyo tulad ng Wil's Events Place at ang kabubukas lang na Will Tower Mall. Sa ngayon, wala pang official announcement ang Kapamilya Network sa pagbabalik-Kapamilya ng TV Host. Mga Kakulay! Ano ang reaksiyon mo tungkol sa pagbabalik-loob ni Willie Revillame? and take note, 75% (majority) ang sports habang 25% naman ang entertainment (including U.S. TV series and action movies, and Pinoy action movies esp. FPJ movies) ang format ng bagong channel. similar to TFC's BRO Channel at ang defunct channel na MAXXX. Yan ang aking pananaw/opinyon.

Halos 1 year na ang FOX Sports Asia. Last year, natapos ang 50-50 partnership ng then-News Corporation (na ngayo'y 21st Century Fox) at ng Walt Disney Co. para sa ESPN STAR Sports after more than 15 years. Nag took-over ng FIC ang ESS at ang ESPN channels sa Asya (maliban sa India at China) ay naging FOX Sports.

A: Sa ngayon, wala pa sa merkado ang mga ISDB-T ready devices dahil hindi pa nagpapahintulot ang NTC sa pagbebenta ng mga ito dahil ginagawa parin nila ang IRR na siyang magbibigay ng spesipikasyon na gagamitin para sa DTTV dito sa Pilipinas.

Para na po sa kaalaman ng lahat ng mga naghihintay sa IRR for [#ShiftToDTVph](#) at sa mga bibili pa lamang o nakabili na ng devices like TV, gadgets, etc. na [#ISDBTph](#) compliant.

[DTV Pilipinas](#)

Sa mga may ISDB-T ready na device (TV, STB, tablet) na nagtatanong tungkol sa mga problema ng pag-sagap ng mga channels, hindi po namin yan maisasagot dahil nasa pamamahala yan ng gumagawa o yung distributor ng device niyo. Hindi kami nagaabiso na bumili ng mga ISDB-T ready devices sa ngayon sapagkat ang IRR para sa DTTV ay ginagawa palang ng NTC.

As of tonight, puro character titles ang mga programa sa GMA Telebabad. Una si Adarna, susunod si Carmela, at mahuhuli si Rhodora X. These characters are played respectively by Kylie Padilla, Marian Rivera, and Jennylyn Mercado. We can catch them back-to-back-to-back right after 24 Oras on Monday to Friday nights.

According to Magic 89.9 station manager Andrew Santiago (via phonecall earlier today), the network is having a miscommunication with Premiere/Clear Channel (the distributor of American Top 40) and recieved many reactions and complaints from listeners. But they're now currently fixing the communication with the said syndicator. AT40 will return within a month or later once the problem will be fixed/solved.

Sa Nice and Slow ng Mellow 94.7, hindi sila nagpapatugtog ng mga hits from the 1970's and 1980's, unlike the previous format nung Mellow Midweek when it was Mellow Touch in the early 2000's. This station used to play songs from Chicago, Little River Band, Rupert Holmes, Eddie Rabbitt, Crystal Gayle, Carly Simon, Barbra Streisand, Linda Ronstadt, and Melissa Manchester, among many others. Sa ngayon, it focuses on popular music than the classic ones.

Napansin ng isang kakilala q (na hindi na nagpakilala) na may nagyayaring changes sa transmitter tower ng TV5 sa Novaliches. According to him, may mga napansin na siyang mga construction nets na nakabalot na sa midpart ng tower at may saluhan rin na yari rin sa construction nets-under the tower pinnacle and under the midpart of the tower.

What is the possible happening on that tower? Probably reinforcing, repainting for preparation of upgrading its transmitters to digital?

February 22 at 9:27pm · [Like](#)

Ralph Domingo Dora, Diego and Team Umizoomi are 'action' for younger children. Saka may adventurous din yung theme. Tapos some of the comedy films aired at noontime ay may mga fight scenes or physical humor involved, hence they qualify as 'action'.

Even though they are the two top-rated gag shows today, both Bubble Gang and Banana Split have never faced off in the same timeslot. Ang second iteration ng Super Laff-In ang huling gag show ng ABS na tumapat sa Bubble Gang, pero tumagal lang ito mula 1996 hanggang 1999, habang magiging 19 years na sa ere ang Bubble Gang. Christian Añasco another problem with abs, FRANCHISED SHOWS. cant abs think of original talent shows or artista search shows like SCQ or Star in a Million?

February 22 at 9:30pm · [Like](#)

Ralph Domingo The reason why ABS wanted to franchise ay para maicapitalize ang popularity ng mga foreign shows na yan. And ABS has the resources to acquire them. So far it has paid off. Kung dati di sila maka-rate with original reality shows, now they have been beating the competition with franchised programs.

Ralph Domingo Wala kasing purebred comedian ang ABS. Late-bloomer comedians lang sila Jayson Gainza, Pokwang, Pooh at iba pa. Ang mga Goin' Bulilit kids unang hinasa sa comedy, pero pag tumanda, kinoconvert sila into more serious and dramatic roles later on. Unlike si Michael V at Rufa Mae, mga purebred comedians talaga sila.

Christian Añasco another problem with abs, FRANCHISED SHOWS. cant abs think of original talent shows or artista search shows like SCQ or Star in a Million?

February 22 at 9:30pm · [Like](#)

Ralph Domingo The reason why ABS wanted to franchise ay para maicapitalize ang popularity ng mga foreign shows na yan. And ABS has the resources to acquire them. So far it has paid off. Kung dati di sila maka-rate with original reality shows, now they have been beating the competition with franchised programs.

February 22 at 9:38pm · [Like](#)

Christian Añasco it shows no originality. any network can have a franchised show. it looks like abs is relying in foreign shows cause they know they cant produce a top-notch original show.

Erratum: Kyla only joined Tanghalan ng Kampeon from 1991-1993; not in Ang Bagong Kampeon (the show that was replaced by the latter). After winning and defending her title for seven weeks, she then qualified as a Grand Finalist and won the said competition as its Grand Champion.

One of the best jingles I heard so sad they flipped to HOT AC (masa) format <http://www.youtube.com/watch?v=stFh3mFxoA>. Back in the days some fm stations would omit D when announcing their station call sign like WLS or WRR (WLS a station in chicago/WRR 101 dallas). KCFM callsign sounds like a US radio station west of Mississippi river

KCFM JOCKS

Habang nag-iintroduce ang ABS-CBN ng mga bagong season o bagong titulo ng mga anime, ang GMA panay replay na lamang sa mga lumang anime tuwing umaga. Ang 'Ghost Fighter' o Yu Yu Hakusho, ang 'Flame of Recca', ang 'Mojacko', at ang 'Dragon Ball' series ay ilan lamang sa mga anime na madalas ipalabas ng GMA. Ito ba ang itinuturing 'Astig Authority' ng Kapuso network, puro replay na lang?

Ralph Domingo Nakakasawa na kasi. Kung 90s baby ka alam mo na ang mangyayari. Kaso 2014 ngayon, wala nang manonood sa mga 'yan kahit 'by demand' pa 'to. I don't care what these anime fans want, GMA needs to overhaul its anime block. Pwede naman nila i-source yung mga bagong anime through Animax.

Christian Arceo The problem is, in the mornings lang ipinapalabas at usually may pasok ang mga estudyante na majority ng mga nanonood.

Ralph Domingo I see your point. Kung walang manonood, ipalabas na lang mga infomercials.

• **Ralph Domingo** Lalong nag-regress yung programming nila, di lang ngayon, pati every day for the past few months. It didn't help that the QTV reruns made their way to the renamed channel just to fill the void.

They just can't compete with the superior finances and support that AksyonTV and ANC enjoyed, despite claiming that they 'were' the No. 1 news channel. Three years of News TV, three years of regression.

Sa PTV-4 ngayon: Oras ng Himala. Araw-araw ipinapalabas ang programang ito, pero pag Sabado ang Oras ng Himala ay ineere sa umaga habang ang karaniwang timeslot nito ay binigyang-daan para sa Jesus Miracle Crusade.

Noong Agosto umere muli ang programang 'Ang Dating Daan' sa PTV-4, pero itinigil ito noong Oktubre ng walang dahilan.
